## MSNT 31<sup>ST</sup> ANNUAL GENERAL MEETING

MSNT has dutifully held the 31st Annual General Meeting (AGM) on 12 August 2020. The AGM was planned to be held on 18 April 2020 but was postponed due to Covid-19 pandemic. Over 50 members attended this meeting including the Board of Directors. During the AGM, a few issues were discussed and the Board of Directors for the term 2020-2022 were elected.

Attendees of the 31st MSNT AGM

Congratulations to the newly elected Board of Directors.

### PRESIDENT

Dr. Ilham Mukriz Zainal Abidin (Agensi Nuklear Malaysia)

### VICE PRESIDENT

Mr. Wan Abdullah Wan Hamat (PETRONAS)

### SECRETARY

Dr. Khairul Anuar Mohd Salleh (Agensi Nuklear Malaysia)

### TREASURER

Mr. Amry Amin Abas (Agensi Nuklear Malaysia)

### MEMBERS

Mr. Muhammad Lutfi Ibrahim (TNB Labs Sdn. Bhd.)

Mr. Shaharudin Kambari (NDE Consultancy Sdn. Bhd.)

Mr. Mohd Alamin Pardi (Epic Aero Sdn. Bhd.)

Dr. Ab Razak Hamzah (Retired Government Officer)

Mr. Royce Wong (Advantech Alliance Sdn. Bhd.)

Mr. Mohd Aris Fathillah Saleh (SIRIM Bhd.)

## MINDTCE'20 POSTPONEMENT

The Malaysia International NDT Conference and Exhibition 2020 (MINDTCE'20) steering committee would like to inform all speakers, sponsors, exhibitors, and interested parties that this event has been postponed to 7th and 8th December 2021 due to the current Coronavirus (COVID-19) outbreak and World Health Organization (WHO) decision on March 11th, 2020 to declare this outbreak as a pandemic. The event venue remains at Sunway Pyramid Convention Centre and reserved booth arrangements remains the same.

The MINDTCE'20 steering committee will continue to monitor all developments related to COVID-19 and follow advice provided by the Malaysian Ministry of Health (MOH) and Malaysian National Security Council (MKN).

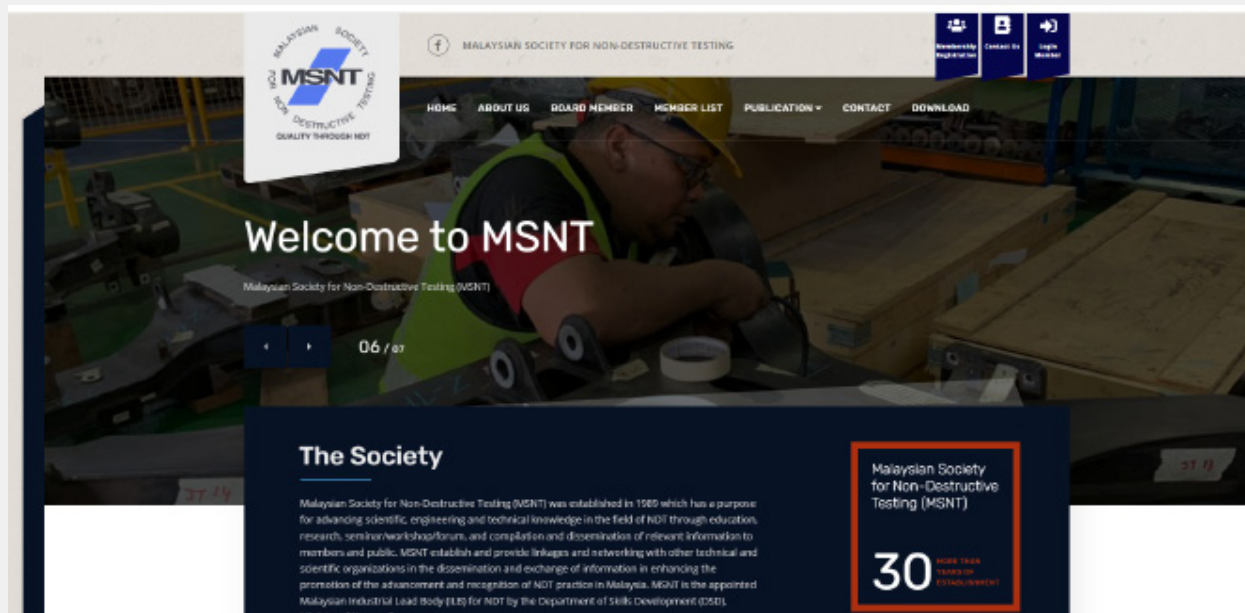

Due the postponement of the event and the aforementioned scenarios, the steering committee has decided to rebrand the name of the conference from Malaysia International NDT Conference and Exhibition 2020 (MINDTCE'20) to the 6th Malaysia International NDT Conference and Exhibition (6th MINDTCE). New website domain, logo, and documents related to the changes will be materialized soon.

The 6th MINDTCE steering committee appreciate your utmost support, kind understanding and patience on this unprecedented incidence.

## UPGRADING OF MSNT WEBSITE

The MSNT website has been revamped to an improved format. The website can be reached through <http://www.msnt.org.my>. There are news and information that can be assessed and downloaded by members and visitors. The management of MSNT membership has also been upgraded effectively where members are able to register and renew membership online. Members shall also receive notification of membership renewal prior to expiry.

## APPOINTMENT OF MSNT ADVISOR

Former President of MSNT, Dr Abd Nassir Ibrahim has received undivided votes by the attendees of 31st MSNT AGM to be appointed as MSNT advisor. The motion for appointment is in line with Article XII of the MSNT constitution that states the society may appoint an individual who is qualified to become advisor to the society during the commencement of the AGM. Dr Abd. Nassir Ibrahim started contributing to MSNT as the secretary in 1989 until 1990. Then he was elected as the President from 1990 until 2020. MSNT would like to relay our greatest appreciation to Dr. Abd Nassir Ibrahim for his 31 years tenure in serving MSNT and the NDT community in Malaysia.

During his final speech as the President of MSNT, he stressed to the NDT community, namely academicians, researches and practitioners to collectively elevate the NDT profession to a better respectable and significant level for the benefit of the country. He also called upon the younger generation to steer MSNT to a higher significant level in the industry.

## THE FIRST RADIOGRAPHIC TESTING-DIGITAL (RT-D) TRAINING COURSE IN MALAYSIA WITH PERSONNEL CERTIFICATION TO SKM AS PER ISO 9712

The first Radiographic Testing – Digital (RT-D) Level II qualification examination in Malaysia conducted in accordance with ISO 9712 was successfully held on 28th and 29th of September 2020 at the Malaysian Nuclear Agency. 7 candidates took part in the grueling 6 hours examination after completing a two weeks RT-D Level II training course covering the application of Computed Radiography (CR) and Digital Detector Array (DDA) for pre and in-service industrial sector. Upon passing the examination and fulfilling the experience requirement, successful candidates are eligible to apply for Sijil Kemahiran Malaysia (SKM) ISO 9712 RT-D Level II certificate by Jabatan Pembangunan Kemahiran (JPK). Malaysian Nuclear Agency is currently the only JPK authorised training centre for ISO 9712 RT-D training and examination in Malaysia.
