## 6<sup>th</sup> MINDTCE Chairman Remark (Dr. Abd. Nassir Ibrahim)

On the 16 and 17 of August 2022, the NDT community witnessed the most successful event that united more than a thousand national and international NDT community members being organized by the Malaysian

Society for NDT (MSNT). We have successfully organized the 6th Malaysia International NDT Conference and Exhibition (6th MINDTCE). The presence of a representative from the International Committee for Non-Destructive Testing and a video remark from the representative of the Asia Pacific Federation for Non Destructive Testing (APFNDT) indicated that the event was well recognized as one of the world-class NDT events being held in Malaysia. We are proud to see the support lent by governmental agencies and private sectors, PETRONAS in particular, to work hand in hand with Society in ensuring that the event will be remembered as one of the best of its kind being organized by the MSNT. We have witnessed more than 50 technical papers presented by NDT experts worldwide within these two days. This event will never be complete without the participation of exhibitors. So, we were amazed at the response given by more than a thousand visitors who have visited our exhibition to see what is available around us and what latest technologies and equipment are available in the market. Thirty-four exhibitors who have taken all our 45 booths displaying various NDT-related items and materials have contributed significantly to ensuring that the event offers the maximum benefit to all NDT and engineering communities who participated in the conference and visited the exhibition. On behalf of members of the organizing committees and other subcommittees, we thank you all and every single individual who helps contribute to this conference's success.

# Interesting Facts

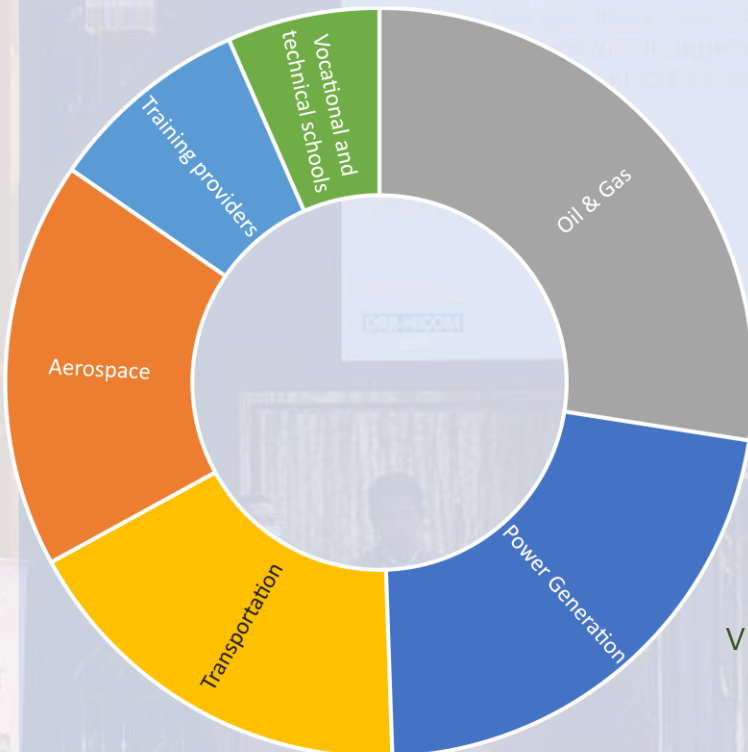

The 6th MINDTCE recorded the highest number of visitors ever. More than 1000 visitors came to see the two-day event, most of which were from the private sector. A smaller group was from the Government body, which includes regulators, research institutions and universities.

## Organization

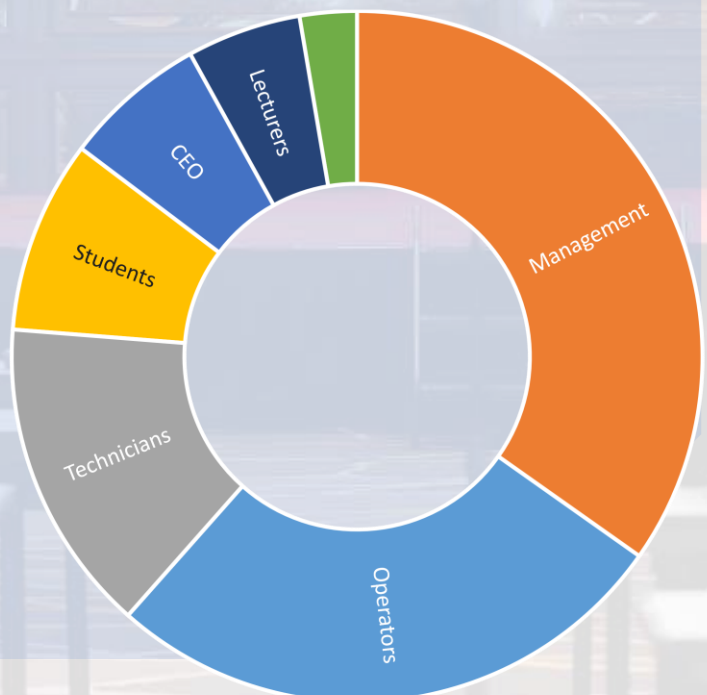

Visitors ranged from various industrial sectors, the biggest cluster being oil and gas and power generation, including service providers, clients, and stakeholders. Visitors from the aerospace and transportation industries were the second biggest, followed by training providers and students from vocational and technical schools.

## Industrial Sectors

Most of the visitors were at the management level, followed by operators (conventional and advanced), technicians, and students from various Universities and Colleges. Welders were the smallest group of visitors, just below the number of lecturers. Numbers of CEO from various NDT service providers also came to the 6th MINDTCE.

## Job position

# 6<sup>th</sup> MINDTCE Pre-Conference (15<sup>th</sup> August 2022)

The 6th MINDTCE Pre-Conference Technology Showcase was held on the 15th of August, and three companies demonstrated their products and attracted more than 90 avid listeners interested in the latest NDT technology and solutions. The attendees were from multi-sectors covering oil and gas, power generation, aerospace, researchers, and lecturers.

Kuala Lumpur: Mengangkat tema "Merevolusikan NDT untuk Pembangunan Industri yang Mampan", Persidangan dan Pameran Ujian Tanpa Musnah Antarabangsa Malaysia Ke-6 (6th MINDTCE)

berjaya mengumpulkan lebih 250 peserta.

Persidangan selama dua hari itu disertai pemegang taruh komuniti ujian tanpa musnah (NDT) seperti penyedia khidmat NDT, pemilik aset, pengilang dan pengedar peralatan, penyelidik, ahli akademik dan pelajar untuk sama-sama berkongsi penemuan atau R&D terbaharu, bertukar-tukar pengalaman dan cabaran, serta mempamerkan teknologi NDT terkini.
